

## Assistant Professor of Engineering

Smith College invites applications for a tenure-track Assistant Professor position in its Picker Engineering Program. Innovative in both education and research, the Program fosters creative students interested in engineering a sustainable future as members of the global community. The faculty member will be expected to sustain a nationally respected research program in an engineering discipline. Preference will be given to candidates with one or more years of post-PhD experience who can teach fundamental and elective courses in chemical or electrical engineering. Smith College, consistently ranked as one of the nation's top liberal arts colleges, is the first women's college to offer a major and accredited B.S. in engineering science. The search committee is especially interested in qualified candidates who can contribute, through their teaching, research and service, to the diversity of this academic community. More information on the Picker Engineering Program is available at: <http://www.science.smith.edu/departments/Engin/>.

Candidates should send a cover letter, curriculum vitae, names and contact information for three references, a plan for research at Smith College and statement of teaching philosophy and experience to:

Professor Andrew Guswa  
Search Committee Chair  
51 College Lane  
Picker Engineering Program  
Smith College  
Northampton, MA 01063

Applications should be post marked no later than November 1, 2007.

*Smith College is committed to maintaining a diverse community in an atmosphere of mutual respect and appreciation of differences.*

*Smith College does not discriminate in its educational and employment policies on the bases of race, color, creed, religion, national/ethnic origin, sex, sexual orientation, age, or with regard to the bases outlined in the Veterans Readjustment Act and the Americans with Disabilities Act.*

*Smith's admission policies and practices are guided by the same principle, concerning women applying to the undergraduate program and all applicants to the graduate programs.*
